

01-19-1984, p. 3

borrowed from Phil Heth -- the Panther Bluffs' negatives.  
I asked him for a ride up here and he gave me one -- He  
waited while I showered and then he dropped me off at  
the BBC. While I showered, Jean came over and made  
her last minute embellishments to the house for her  
soirée. The BBC dinner / annual meeting was very  
nice. I arrived at 7 PM and everyone was seated &  
eating when I entered. I calmly went into the kitchen  
and got my dinner: as usual, the BBC covered dish  
dinners are very nice. A very interesting array of  
food. I sat with Joe & Peggy (Carey) Garcia. They  
are very friendly to me. When the majority of  
the congregation had finished eating, the annual  
meeting began, Merle Morgan in charge. Reports  
were read. Emily Miller is serving as the Church Clerk  
due to the illness of Urish Carey. I am very fond of  
Emily Miller. Rev. Pullin wrote up a report on  
Comm Pac and signed my name and included  
it in the Annual Report. Rev. Pullin spoke of the  
importance of the three town meetings that were  
held in the BBC last year. He stressed the im-  
portance of such meetings in the life of the Church.  
Merle Morgan was very positive in his remarks  
about Comm Pac -- he praised the Comm Pac group  
in his verbal annual Report. I was pleased.  
A good crowd was present and that is very good  
for the life of the Church, which is now in its 136th  
year of existence. The two sections of the annual  
Report that concern me directly are shown on  
the following page. The entire annual report  
appears to be a document that many members of  
the congregation will save. It's a very comprehensive  
document. I took three copies.
